ARAB ENGINEERING BUREAU

9 MISCELLANEOUS OTHER EXTERNAL WORKS

9.1 GENERAL

9.1.1 Scope

- 1 This Part provides for inclusion of special specifications for any external building works or elements designated in the Project Documentation.

9.1.2 General Requirements

- 1 All items in this Part require approval by the Engineer.
- 2 The Contractor shall submit manufacturer's literature, drawings, samples or mock-up units for items covered in this Part for approval by the Engineer.
- 3 If external work items related to this Part are not specified or otherwise detailed within the Project Documentation, the Contractor shall submit appropriate specifications for approval by the Engineer.
